Balance	\$100-\$9,999	\$10,000-\$24,999	\$25,000-\$99,999	\$100,000+

Response to special-rate offer is helping to build your church.

In April, the Mission Investment introduced a .50% interest rate bonus for its MissionPlus investment. As of June 8, nearly \$25 million had been invested by ELCA congregations, their members, and ELCA-related ministries. A total of 583 MissionPlus investments were purchased, with 420 of those from current investors who added \$5,000 or more to their existing accounts; 150 of the accounts were purchased by new investors. Because of this overwhelmingly positive response, the Mission Investment Fund is able to provide additional loans to ELCA ministries for capital building projects such as expansion and renovation projects.

This bonus rate is in effect until July 1. Those who have already responded to the fund's offer will receive another 120 days of the .50% bonus when they invest an additional \$5,000 in their MissionPlus accounts before July 1. For more information, visit www.elca.org/mif or contact Pastor Dan Carlson at Daniel.Carlson@elca.org or 651-649-0454 ext 223.

* Annual Percentage Yield (APY) reflects .50% bonus and applies to new and existing MissionPlus investments. New MissionPlus investments require a \$100 minimum purchase. Existing MissionPlus investments require a \$5,000 minimum addition to qualify for APY. APY applies to entire MissionPlus balance, not just to new money added to existing investment. APY is in effect for first 120 days after purchase of new MissionPlus -- or after the \$5,000 minimum addition to an existing MissionPlus. After 120 days, APY converts to then-current rate. ELCA members, congregations and related ministries may invest in MissionPlus. Debit card available only to individual investors. See Mission Investment Fund Offering Circular for complete terms and conditions.
